

Mohamed Zniguef

Web Developer

EXPERIENCE

Associate Software Engineer

Engilabs

Nov 2023 - Present, Agadir

As an Associate Software Engineer at Engilabs, a creation of X-Hub, I have been integral to the company's innovative endeavors, focusing on both front-end and back-end development.

Front-end Development (Reactjs)

Back-end Development (Java: Spring Boot, Node.js: NestJS)

Associate Software Engineer

X-Hub

Dec 2022 - Oct 2023 - 11 months, Casablanca (Remotely)

As an Associate Software Engineer at X-Hub, I worked in enhancing existing software and contributing to the development of new application software.

Backend Development (Java, Spring Boot)

Full-Stack Development (Java, React)

Intern Front-end developer

X-Hub

June 2022 - Dec 2022 - 6 months, Casablanca (Remotely)

I worked with a team to create an interactive and easy-to-use web application for the company. Adapted to an agile development environment.

Skills: React.js, TypeScript, Tailwind CSS, SCSS, Jest,

React Testing Library, Ant Design

Intern Back-end developer

DevoTech

Aug 2021 - Nov 2021 - 3 months, Agadir (Remotely)

I worked in building the API for a mobile application (<https://qadlia.ma>). This internship was a valuable opportunity to apply my Node.js, NestJS, PostgreSQL, and TypeScript skills.

Intern Front-end developer

Storeino

March 2021 - May 2021 - 2 months , Agadir

This experience provided me with hands-on opportunities to contribute to various aspects of web development, with a primary focus on front-end technologies.

Responsibilities: Landing Page Development (Html, CSS, JS); Implemented and optimized the checkout process; Party Admin Interface (Vuejs).
